HTML & CSS

JavaScript

React Native

## Profile

I am an experienced React Native programmer proficient in developing cross-platform applications for both Android and iOS platforms. I have a strong command over React Native framework and possess in-depth knowledge of mobile application development using JavaScript. With a proven track record of delivering high-quality code and implementing efficient solutions, I am adept at building engaging user interfaces and integrating APIs for seamless functionality. My expertise in React Native enables me to develop scalable and performant applications for diverse business needs. I am passionate about staying updated with the latest advancements in the mobile development industry and constantly strive to enhance my skills in order to deliver cutting-edge solutions.
